

Blended Case Management Services

Families often face many obstacles finding services and support for their child. Blended Case Managers will help families locate and coordinate many of these services and supports in the community including:

- Informal network building
- Education
- Office of Children and Youth
- Juvenile justice system
- Parent or guardian with significant needs
- Drug and alcohol system involvement
- Mental Health and Mental Retardation system involvement
- Medical care
- At risk of out-of-home placement

“Every person involved in our daughter’s care has been exceptional. She is thriving because of everyone involved in this program.”

—A parent in the Blended Case Management Program

Assistance and support for children
and their families to access resources
in their community

Blended Case Management can help in many areas including:

Education

Providing support, guidance and information when making education decisions for your child, such as Individualized Education Plan (IEP) meetings

Physical & Mental Health

Gain access and work with health service providers to receive the appropriate level of care

Socialization & Informal Support

Identify family, friends and community supports to aide in child's overall growth and success

Our Blended Case Managers

Staff in the BCM program will work with the child and their family to:

- Create an individualized plan encompassing strengths, needs and goals
- Gain access to services, support and resources in the community
- Monitor growth and success within a program
- Build an informal support network

Accessing Resources in the Community

Blended Case Management services collaborate with the following programs to ensure a continuity of care for the child or adolescent:

- Behavioral Health Rehabilitative Services
- Family Based Mental Health Services
- Functional family therapy
- Outpatient therapy
- Sensory integration
- Acute partial hospitalization
- Family doctors
- Psychiatrists
- Occupational, physical and speech therapy
- Child and Youth Services
- School Based Services

Who is eligible?

Any child or adolescent from ages 3 through 21 diagnosed with a qualifying mental health diagnosis including, but not limited to:

- Autism Spectrum Disorder
- Attention Deficit hyperactive Disorder (ADHD)
- Anxiety Disorder
- Depression

How do I access BCM Services?

Anyone can refer a child or adolescent for Blended Case Management. An assessment will be completed with the family to determine eligibility and to highlight needs in specific areas of the child's life.

Costs are covered by medical assistance or MCO.

To learn more, or to begin the referral process, please call Blended Case Management at 814-459-3693 or email bcm@BarberInstitute.org.
