

Join Us For SENSORY FRIENDLY PLAYTIMES

At the

Sponsored by:

UPMC HEALTH PLAN

Sensory Friendly Playtimes are exclusive events for children diagnosed with sensory processing disorders to have a fun and enjoyable learning experience in a comfortable and accepting environment

To prepare for these times, Museum staff will turn down lights, limit extra sounds and stop distracting motions. A designated sensory friendly room will also be available with tools to assist parents and caregivers. Visitors can also reserve this classroom during regular museum hours as a sensory friendly room.

Playtimes are from 9 - 10 a.m.
every Saturday in April and every
first Saturday of every month
beginning in May.

FREE ADMISSION
for 1 child and a caregiver

420 French St.
Erie, PA 16507

The expERIENCE Children's Museum is partnering with the Barber National Institute, Niagara Therapy and other organizations during these playtimes to provide 30-minute educational programming led by occupational therapists. Sensory Friendly Playtime at the Museum is made possible through support from UPMC Health Plan.
