No, they do not. Teachers are providing continuity of education through enrichment activities for all students. Please take advantage of the resources our teachers are providing.

2. *Where can I go for additional learning and enrichment activities?*

We have compiled a list of websites that include reading, language arts and math content, in addition to learning games and activities. We encourage parents and students to take advantage of the websites and resources at barberinstitute.org/online-learning-activities

3. *Will school lunches still be provided?*

Please contact your home district regarding school lunch and breakfast programs. Districts are setting up procedures for families to follow.
