A Message from ESO:

Welcome to the start of a new year of ESO Dances! We are very excited to start up again and we have many exciting things planned! We wanted to start the year off with a bang, so we have planned a little carnival to go along with our first dance! We also will be having special guests performing at our first dance! ESO is very excited to have the band "Spectrum" at our first ESO Dance of the season! Below is a little information on the band. DJ Jay will be at the dance, as always, playing for us before and after Spectrum plays. We hope to see you all at the first dance!

"SPECTRUM was formed in October 2015 by a special group of guys with a common love of music. Their unique bond of Autism has brought each of them their own challenges and road blocks along the way. After meeting and playing at several benefit shows together, they decided to band together as their own act. Their amazing musical talent allows them to be free of a diagnosis, giving them the confidence to shine like the stars they are. There are no limits to what they can achieve!"
