WHO ARE THE KIDS ON THE BLOCK?

The KIDS ON THE BLOCK are a tightly knit group of lovable puppets who have been entertaining and educating young audiences all over the country for three decades. The troupe is comprised of puppets, with and without disabilities, who offer kids the opportunity to learn about specific disabilities, as well as broader themes of friendship community building, the importance of expressing feelings, celebrating differences, and encourages kids to ask questions about disabilities that they may be afraid to ask someone they meet in public.

Our group of puppets include individuals who have Down Syndrome, Hearing and Visual Deficits, Cerebral Palsy, Autism, ADHD, Epilepsy, and Learning Disabilities.

The best part of the performance is that everyone, adults and children, can learn from each of the KIDS ON THE BLOCK. They can learn an attitude of understanding, warmth, and sensitivity that will serve them well for the rest of their lives.

Our skits are offered **FREE OF CHARGE** and are rotated yearly, so don't forget to book us again next year for more learning and fun!
