Barber National Institute Forum

We all want to have friends! How do you know who is trustworthy? How can you tell when someone is trying to take advantage of you? Where do you find help? Who is safe? Can I talk to people online? What should I do when someone wants to borrow money? Join us as we talk about some of the dangers and the helpful people that exist in our community.

Join us to learn tips and strategies that will help you stay safe in your community and on line. The training will guide you through creating your very own safety plan that can be revised whenever your needs change.

**Please RSVP by October 13 to
